The 57th Annual Home & Garden Show is celebrating its 26th year at the Fargodome. The typical show draws in between 8,000 – 9,000 prospects from as far as Bismarck, the Twin Cities and northeastern Minnesota. This unique event showcases not only diverse products and services available in today's building industry, but it puts consumers in contact with professionals in the field, a non-existent feature of online shopping.

If you have additional questions, please email Senior Events & Marketing Coordinator [Allison Weckman](#).

FARGODOME Utility Order Form

RRV Home & Garden Show: 2/23-2/25, 2018

If you've already created a profile, please "Log In" on the right, otherwise continue.

Please ensure that you are signing up for the appropriate trade show. Our utility form links are event-specific. If you are participating in more than one show at the FARGODOME, you must complete a different form for each show. This form is for the **RRV Home & Garden Show**, only.

General Notes for Exhibitors:

- You are purchasing utilities for your trade show exhibit through the FARGODOME. Other fees may have been paid to other providers, including the show promoter and show decorator.
- Payment in full must be rendered prior to the start of the show.
- Utilities are sold as no refunds – no exchanges.
- All equipment, regardless of source of power, must comply with all federal, state, and local safety codes.
- For utility items, the FARGODOME offers a discounted advanced rate (ordered 5 business days prior to show load-in) and our regular floor rate. The applicable rate is reflected in the rate column.
- If you are purchasing utilities for more than one non-adjacent booth (ex. concourse and arena floor), please complete a separate form for each booth. Otherwise, please just list the booth that needs the utility.

Electricity

A basic outlet is the first item. If your booth isn't near an outlet, a cord with a duplex end will be provided for your use during the show. If your power needs exceed a 120v x 20a circuit, you must purchase multiple circuits or other options, as listed. For special needs or voltage not shown, please call to discuss your needs and pricing with our house electrician.

-120 volt 20 amp duplex outlet (standard): 30.00 **Quantity:**
